GACXXAME200

COORDINATION OF BENEFITS

I. Applicability

A. The following provisions are applied to determine which insurance Plan pays benefits first when a Covered Person is covered by two or more plans. A Plan that pays first is called “primary”. All other plans are called “secondary”.

B. If these provisions apply, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of This Plan are determined before or after those of another plan. The benefits of This Plan:

(1) Shall not be reduced when, under the order of benefit determination rules, This Plan determines its benefits before another plan; but

(2) May be reduced when, under the order of benefits determination rules, another plan determines its benefits first. The above reduction is described in Section IV "Effect on the Benefits of This Plan."

II. Definitions

A. "Plan" is any of these which provides benefits or services for, or because of, medical or dental care or treatment:

(1) Group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.

(2) Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act (42 U.S.C.A. 301, et seq.), as amended from time to time).

Each contract or other arrangement for coverage under (1) or (2) is a separate plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate plan.

B. "This Plan" is the part of the group contract that provides benefits for health care expenses.

C. "Primary Plan/Secondary Plan:" The order of benefit determination rules state whether This Plan is a Primary Plan or Secondary Plan as to another plan covering the person.

When This Plan is a Primary Plan, its benefits are determined before those of the other plan and without considering the other plan's benefits.

When This Plan is a Secondary Plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits.

When there are more than two plans covering the person, This Plan may be a Primary Plan as to one or more other plans, and may be a Secondary Plan as to a different plan or plans.

D. "Allowable Expense" means a necessary, reasonable and customary item of expense for health care; when the item of expense is covered at least in part by one or more plans covering the person for whom the claim is made.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

E. "Claim Determination Period" means a calendar year. However, it does not include any part of a year during which a person has no coverage under This Plan, or any part of a year before the date this COB provision or a similar provision takes effect.

III. Order of Benefit Determination Rules

A. General. When there is a basis for a claim under This Plan and another plan, This Plan is a Secondary Plan which has its benefits determined after those of the other plan, unless;

(1) The other plan has rules coordinating its benefits with those of This Plan; and

(2) Both those rules and This Plan's rules, in Subsection B below, require that This Plan's benefits be determined before those of the other plan.

B. Rules. This Plan determines its order of benefits using the first of the following rules which applies:

(1) Non-Dependent/Dependent. The benefits of the plan which covers the person as an employee, member or subscriber (that is, other than as a dependent) are determined before those of the plan which covers the person as a dependent; However, if the person is a Medicare beneficiary, and, as a result of the provisions of Title XVIII of the Social Security Act and implementing regulations, Medicare is:
(a) Secondary to the plan covering the person as a dependent; and
(b) Primary to the plan covering the person as other than a dependent (e.g. a retired employee),
then the order of benefits is reversed so that the plan covering the person as an employee, member, subscriber or retiree is secondary and the other plan is primary.

(2) Dependent Child/Parents not Separated or Divorced. Except as stated in subsection (B)(3) below, when This Plan and another plan cover the same child as a dependent of different person, called "parents":

(a) The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but

(b) If both parents have the same birthday, the benefits of the plan which covered the parents longer are determined before those of the plan which covered the other parent for a shorter period of time.

However, if the other plan does not have the rule described in subsection (2)(a) immediately above, but instead has a rule based upon the gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

(3) Dependent Child/Separated or Divorced. If two or more plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:

(a) First, the plan of the parent with custody of the child;

(b) Then, the plan of the spouse of the parent with the custody of the child; and

(c) Finally, the plan of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expense of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent shall be the Secondary Plan. This paragraph does not apply with respect to any Claim Determination Period or Plan year during which any benefits are actually paid or provided before the entity has that actual knowledge.

(4) Dependent Child/Joint Custody. If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined in Paragraph III subsection B(2) above.

(5) Active/Inactive Employee. The benefits of a plan which covers a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a plan which covers that person as a laid off or retired employee (or as that employee's dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this Rule (4) is ignored.

(6) Continuation coverage. If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another plan, the following shall be the order of benefit determination:

(a) First, the benefits of a plan covering the person as an employee, member or subscriber (or as that person's dependent);

(b) Second, the benefits under the continuation coverage.

If the other plan does not contain the order of benefits determination described within this subsection, and if, as a result, the plans do not agree on the order of benefits, this requirement shall be ignored.

(7) Longer/Shorter Length of Coverage. If none of the above rules determines the order of benefits, the benefits of the plan which covered an employee, member or subscriber longer are determined before those of the plan which covered that person for the shorter term.

IV. Effect on the Benefits of this Plan

A. When This Section Applies. This Section IV applies when, in accordance with Section III "Order of Benefit Determination Rules," This Plan is a Secondary Plan as to one or more other plans. In that event the benefits of This Plan may be reduced under this section. Such other plan or plans are referred to as "the other plans" in (B) immediately below.

B. Reduction in this Plan's Benefits. The benefits of This Plan will be reduced when the sum of:

(1) The benefits that would be payable for the Allowable Expense under This Plan in the absence of this COB provision; and

(2) The benefits that would be payable for the Allowable Expenses under the other plans, in the absence of provisions with a purpose like that of this COB provision, whether or not claim is

made; exceeds those Allowable Expenses in a Claim Determination Period. In that case, the benefits of This Plan will be reduced so that they and the benefits payable under the other plans do not total more than those Allowable Expenses.

When the benefits of This Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of This Plan.

V. Right to Receive and Release Needed Information

Certain facts are needed to apply these COB rules. We have the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Us any facts it needs to pay the claim.

VI. Facility of Payment

A payment made under another plan may include an amount which should have been paid under This Plan. If it does, We may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

VII. Right of Recovery

If the amount of the payments made by Us is more than it should have paid under this COB provision, it may recover the excess from one or more of:

A. The persons it has paid or for whom it has paid;

B. Insurance companies; or

C. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

CLAIM PROVISIONS

Notice of Claim: Written notice of claim must be given to the Company or its authorized representative within 60 days after a covered loss starts, or as soon thereafter as is reasonably possible. Notice should include information sufficient to identify the Covered Person.

Claim Forms: The Company, upon receipt of written notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing Proofs of Loss. If such forms are not furnished within 15 days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of the Policy as to Proof of Loss upon submitting, within the time fixed in the Policy for filing Proof of Loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

Proof of Loss: Written proof of loss for Hospital confinement must be given to the Company or its authorized representative within 60 days after release from the Hospital. Proof of any other covered loss must be given to the Company or its authorized representative not later than 90 days after the covered loss. If proof of loss is not given within the time specified, the claim will not be denied or reduced for that reason if that proof was given as soon as reasonably possible.

Time of Payment of Claims: Benefits will be paid as soon as We receive proper proof of loss unless the Policy provides for periodic payment. When the Policy provides for periodic payment, the benefits will accrue and will be paid monthly subject to proper proof of loss.

Payment of Claims: Benefits payable under the Policy for Your loss of life will be paid to Your beneficiary on record with the Company. Benefits payable for losses sustained by Your Dependents are payable to You. Any other payable benefits remaining unpaid at the time of a Covered Person's death may, at Our option, be paid to a Covered Person's next of kin or to a Covered Person's estate. All other benefits will be payable to a Covered Person or the medical services provider if We have received a valid assignment by the Covered Person.

If any indemnity of the Policy shall be payable to a Covered Person's estate or to a person who is a minor or otherwise not competent to give a valid release, the Company may pay such indemnity to his parent, guardian or other person actually supporting him. Any payment made by the Company in good faith pursuant to this provision shall fully discharge the Company to the extent of such payment.

Subject to a Covered Person's written direction or of a Covered Person's legal or natural guardian if a Covered Person is a minor or otherwise incompetent to make such a direction, all or a portion of any indemnities provided by the Policy as a result of medical, surgical, dental, hospital or nursing service may, at the Company's option, and unless the Company is requested in writing not later than the time for filing proofs of loss, be paid directly to the hospital or person rendering such services.

Change of Beneficiary: You have the right to change the beneficiary and the consent of the beneficiary or beneficiaries shall not be requisite to any change in beneficiary.

Physical Examination and Autopsy: The Company, at its own expense, shall have the right and opportunity to examine a Covered Person as it may reasonably require while a claim is pending. The Company, at its own expense, may also have the right to make an autopsy in the case of death, where it is not prohibited by law.

Legal Actions: A legal action may not be brought to recover on the Policy within 60 days after written Proof of Loss has been given as required. No such action may be brought after 3 years from the time written proof was required to be given.

Subrogation: When benefits are paid to or for a Covered Person under the terms of the Policy, We shall be subrogated, to the extent allowed by law, to a Covered Person's rights of recovery against any person who might be acknowledged liable or found legally liable by a Court of competent jurisdiction for the Injury that necessitated the hospitalization or the medical or surgical treatment for which benefits were paid. Such subrogation rights shall extend only to the recovery by the Company of the benefits it has paid for such hospitalization and treatment. We shall pay fees and costs associated with such recovery.

Subrogation shall not apply where there has been a judicial award of damages wherein the health benefits have already been deducted by the court.
