IMPORTANT: This is a fixed indemnity policy, NOT health insurance

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?

- **Visit [HealthCare.gov]** or call **[1-800-318-2596]** (TTY: **[1-855-889-4325]**) to find health coverage options.
- To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Questions about this policy?

- For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website (naic.org) under "Insurance Departments."
- If you have this policy through your job, or a family member's job, contact the employer.

Emergency Room means a trauma center or special area in a Hospital that is equipped and staffed to give people emergency treatment on an Outpatient basis. An Emergency Room is not a clinic, Medical Professional's or Specialist's office.

Experimental or Investigational means a service for which one or more of the following is true:

1. The prevailing opinion within the appropriate specialty of the United States medical profession is that the service or supply needs further evaluation for the particular diagnosis or set of indications before it is used outside clinical trials or other research settings. We will determine if this item 1. is true based on:
 - A. Published reports in authoritative medical literature; and
 - B. Regulations, reports, publications and evaluations issued by government agencies such as the Agency for Health Care Policy and Research, the National Institutes of Health and the Food and Drug Administration (FDA).
2. In the case of a drug, a device or other supply that is subject to FDA approval:
 - A. It does not have FDA approval; or
 - B. It has FDA approval, but it is being used for an indication or at a dosage that is not an accepted off-label use. Unlabeled uses of FDA-approved drugs are not considered Experimental or Investigational if they are determined to be:
 - 1) Included in substantially accepted peer-reviewed medical literature such as: The American Medical Association Drug Evaluations, The American Hospital Formulary Service Drug Information, The United States Pharmacopoeia Information and other authoritative compendia as identified from time to time by the Secretary of Health and Human Services;
 - 2) Included in a Prescription Drug reference compendium; or

- 3) In addition, the medical appropriateness of unlabeled uses not included in the compendia can be established based on supportive clinical evidence in peer-reviewed medical publications.
3. The Medical Professional's institutional review board acknowledges that the use of the service or supply is Experimental or Investigational and subject to the board's approval.
4. Research protocols indicate that the service or supply is Experimental or Investigational. This item 4 applies for protocols used by the Covered Person's Medical Professional as well as for protocols used by other Medical Professionals studying substantially the same service or supply.

- 4) Has a staff of one or more licensed Medical Professionals available at all times;
- 5) Provides organized facilities for diagnosis, treatment and surgery, either
 - a) on its premises; or
 - b) in facilities available to it, on a pre-arranged basis;

Hospital also includes tax-supported institutions, which are not required to maintain surgical facilities.

We will not deny a claim for services solely because the Hospital lacks major surgical facilities and is primarily of a rehabilitative nature, if such rehabilitation is specifically for the treatment of a physical disability, and the Hospital is accredited by any one of the following:

- 1) the Joint Commission of Accreditation of Hospitals; or
- 2) the American Osteopathic Association; or
- 3) the Commission on the Accreditation of Rehabilitative Facilities.

In addition, We will not deny a claim for a Skilled Nursing Facility if it meets the definition of such a facility and is a Covered Benefit under the Policy.

All injuries sustained in any one Accident, including all related conditions and recurrent symptoms of these Injuries, are considered a single Injury.

Inpatient means a Covered Person who is charged for at least one (1) day's room and board from a Hospital; or more than 23 hours in an observation unit.

Insured Person means a person in a Class of Eligible Persons described in the Schedule of Benefits who has a direct relationship with the Policyholder, who enrolls for coverage and for whom the required premium is paid making insurance in effect for that person under the Policy. Medical Emergency means the sudden onset of a medical condition that manifests itself by signs and symptoms of sufficient severity, including severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in serious jeopardy to the individual's health or to a pregnancy in the case of a pregnant woman, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.

Treatment for Medical Emergency will be paid only for Sickness or Injury which fulfills the above conditions. However, We will not deny payment for services provided for Medical Emergency treatment up to the point of Stabilization because of either of the following: (a) the final diagnosis; or (b) prior authorization was not given by Us before such services were provided.

Medically Necessary or Medical Necessity means a treatment, drug, device, service, procedure or supply that is:

- 3) Performed in the least costly setting required by the condition;
- 4) Consistent with the medical and surgical practices prevailing in the area for treatment of the condition at the time rendered.

In order for a Hospital confinement to be Medically Necessary, the diagnosis or treatment of symptoms or a condition must not be able to be safely provided on an Outpatient basis.

The fact that a Medical Professional may prescribe, authorize, or direct a service does not of itself make it Medically Necessary or covered by the Policy.

A treatment, drug, device, procedure, supply or service shall not be considered as Medically Necessary if it:

- Is Experimental or Investigational or for research purposes;
- Is provided for education purposes or the convenience of the Covered Person, the Covered Person's family, Medical Professional, Hospital or any other provider;
- Exceeds in scope, duration, or intensity that level of care that is needed to provide safe, adequate and appropriate diagnosis or treatment and where ongoing treatment is merely for maintenance or preventive care;

- Involves the use of a medical device, drug or substance not formally approved by the United States Food and Drug Administration;
- Involves a service, supply or drug not considered reasonable and necessary by the Healthcare Financing Administration Medicare Coverage Issues Manual; or

The emphasis is on skilled nursing care, with restorative, physical, occupational, and other therapies available. A Skilled Nursing Care Facility provides services that cannot be efficiently or effectively rendered at home or in an intermediate care facility. The service provided must be directed towards the patient achieving independence in activities of daily living, improving the patient's condition, and facilitating discharge.

The Specialist must be acting within the scope of their license, relevant board certifications, and qualifications. It does not include a Covered Person or Covered Person's Immediate Family Member.

Spouse means lawful spouse, if not legally separated or divorced, or Domestic Partner or Civil Union Partner.

Premium due dates are the first of every month unless otherwise stated in the Policy. However, if We or Our agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the Policy is reinstated upon approval of the application by Us or, if not approved by Us, on the forty-fifth day after the date of the conditional receipt unless We have previously notified the Policyholder in writing of Our disapproval of the application. Under the reinstated Policy, We will cover only loss resulting from Accidental Injury that is sustained after the date of reinstatement and loss due to Sickness that begins more than 10 days after that date. Notice should include the Policyholder's name and the Policy Number and a Covered Person's name and address.

If written notice is not received within 30 days, the claim may be reduced or invalidated. However, the claim will not be reduced or invalidated if:

- 2) it is further shown that notice was given as soon as possible.

CLAIM FORMS:

We, upon receipt of a written notice of claim, will furnish to the Covered Person such forms as are usually furnished by Us for filing proofs of loss. If forms are not furnished within 15 days after the giving of such notice, the Covered Person shall be deemed to have complied with the requirements as to proof of loss upon submitting, within the time specified for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

PROOF OF LOSS:

Written proof of loss must be furnished to Us in the case of a claim for Covered Loss for which the Policy provides periodic payment contingent upon continuing loss within 90 days after the end of the period for which We are liable. Written proof that the loss continues must be furnished to us at intervals required by Us.

Subject to due written proof of loss, all accrued indemnity for loss for which the Policy/Certificate provides periodic payment will be paid no less frequently than monthly and any balance remaining unpaid upon the termination of the period of liability will be paid immediately upon receipt of due written proof.

PAYMENT OF CLAIMS:

All benefits will be paid to the Covered Person suffering the loss. If the Covered Person dies before all payments due have been made, the amount still payable will be paid to their beneficiary as described in the Designation or Change of Beneficiary provision of the Policy.

If We are to pay benefits to the estate or to a person who is incapable of giving a valid release, We may pay up to \$1,000 to a relative by blood or marriage whom We believe is equitably entitled. This good faith payment satisfies Our legal duty to the extent of that payment.

Any other accrued benefits which are unpaid at a Covered Person's death may, at Our option, be paid either to his beneficiary or to his estate. All other benefits, unless specifically stated otherwise, will be paid to a Covered Person.

DESIGNATION OR CHANGE OF BENEFICIARY:

Each Covered Person may designate a beneficiary to whom loss of life benefits are payable.

This is called subrogation. When We exercise our right of subrogation, We will be assigned the rights and remedies the Covered Person had relating to the loss. Our right of subrogation applies even if the Covered Person's entire loss has not been compensated.

A Covered Person must help Us preserve Our right of subrogation against those responsible for the loss. This may involve signing papers and taking any other steps We may reasonably require. A Covered Person shall help Us exercise Our rights in any reasonable way that We may request. A Covered Person shall not do anything after the loss to prejudice Our rights.

If We have paid benefits to a Covered Person for Injuries received in a Covered Accident, and in Our opinion a third party may be liable, We will be subrogated to the extent of such payment and to all of the rights of the Covered Person regarding the recovery of benefits paid or to any settlement or judgment which results from the exercise of these rights. The Covered Person agrees to sign papers and do whatever else is necessary to transfer His rights to Us. We will exercise such rights on His behalf. He further agrees to furnish Us with all relevant information and documents.

LEGAL ACTIONS:

All Policy terms will be interpreted under the laws of the state in which the Policy was issued. No change in the Policy will be valid until approved by one of Our executive officers. This approval must be endorsed on or attached to the Policy. No agent may change the Policy or waive any of its provisions.

REPRESENTATIONS AND NOT WARRANTIES:

All statements made by the Policyholder or by a Covered Person are deemed representations and not warranties. No such statement will cause Us to deny or reduce benefits or be used as a defense to a claim unless a copy of the instrument containing the statement is or has been furnished to such person; or, in the event of their death or incapacity, their beneficiary or representative. After two years from the Covered Person's effective date of coverage, no such statement, except in the case of fraud or with respect to eligibility for coverage, will cause such coverage to be contested.

POLICY TERMINATION:

We may terminate coverage on or after any premium due date. The Policyholder may terminate its coverage on any premium due date. If either party terminates, written notice must be given to the other party at least 60 days prior to such premium due date.

CONFORMITY WITH STATE STATUTES:

Any provision of the Policy in conflict on its Effective Date with the laws of the State of Issue indicated on the front page of the Policy is amended to conform to the minimum requirements of such laws.

If the Covered Person is covered under one or more of the same type of plan underwritten by Us or Our affiliates and if the Covered Person suffers a loss for which one or more benefits are payable under more than one same type of plan, the maximum amount payable under all of the benefits combined will not exceed the amount payable for one of those losses, the largest, subject to the maximum amount payable under such plan with the largest maximum. Benefit payments will be payable under only one plan.

CLERICAL ERROR:

Clerical error in keeping any records pertaining to the coverage, whether by the Policyholder or by the Company, will not invalidate coverage otherwise validly in force nor continue coverage otherwise validly terminated, provided such clerical error is not prejudicial to the Company and is rectified promptly upon discovery.

ASSIGNMENT:

No assignment of interest in loss of life benefits shall be binding on the Company until the original or duplicate thereof is received by the Company. The Company assumes no responsibility for the validity of such assignment.

INSOLVENCY:

The insolvency, bankruptcy, financial impairment, receivership, voluntary plan of arrangement with creditors, or dissolution of the Policyholder will not impose upon the Company any liability other than the liability defined

in the Policy. The insolvency of the Policyholder will not make the Company liable to the creditors of the Policyholder, including Covered Persons under the Policy.

NON-PARTICIPATING:

The Policy is non-participating. It does not share in the Company's profits or surplus earnings.

WAIVER:

Failure of the Company to strictly enforce its rights under the Policy at any time or under any circumstance shall not constitute a waiver of such rights by the Company at any time under the same or different circumstances.

NEW ENTRANTS:

To the group originally insured may be added from time to time eligible new persons or Dependents, as the case may be, in accordance with the terms of the Policy.

**SUMMARY OF COVERAGE AND LIMITATIONS
AND EXCLUSIONS UNDER THE MICHIGAN LIFE & HEALTH
INSURANCE GUARANTY ASSOCIATION**

Introduction

Michigan residents who purchase life insurance, annuities or health insurance should know that most insurance companies licensed in Michigan to write these types of insurance are members of the Michigan Life & Health Insurance Guaranty Association (MLHIGA). The purpose of this association is to assure that policyholders may be protected, **within limits**, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, MLHIGA will assess its other member insurance companies for the money to pay the covered claims of insured persons who live in Michigan and, in some cases, to keep coverage in force. If coverage is provided, it may be subject to limitations or exclusions and may require residency in Michigan. This protection is not a substitute for consumers' care in selecting companies that are well managed and financially stable.

**Guaranty
Association Act**

The Michigan Life & Health Insurance Guaranty Association Act, Chapter 77 of the Insurance Code of 1956, MCL 500.7701 to 500.7780, details the specific coverage, exemptions and limitations provided to certain policyholders. The general information provided by this summary or the MLHIGA web site does not cover all provisions of the law, nor does it in any way change anyone's rights or obligations under the act or the rights or obligations of MLHIGA. For a definitive statement of the law governing MLHIGA, you must refer to the MLHIGA Act itself. If there is any inconsistency between this summary or the MLHIGA web site and any applicable law, then such law will control.

Coverage

Generally, individuals will be protected by MLHIGA if they reside in Michigan and own a life, health or annuity contract issued by a member insurer licensed in Michigan or if they reside in Michigan and are insured under a group life or health insurance contract issued by a member insurer licensed in Michigan. For owners of unallocated annuity contracts, coverage will be provided if the contract is issued in connection with a specific plan whose sponsor has its principal place of business in Michigan or if the individual is a resident of Michigan and the contract is issued in connection with a government lottery. For payees (or beneficiaries of deceased payees) of structured settlement annuities, coverage will be provided only if the payee is a resident of Michigan. In limited situations, coverage might also be available to certain non-residents.

You may find out if your insurance company is licensed in Michigan by contacting the Department of Insurance and Financial Services at P.O. Box 30220, Lansing, Michigan 48909-7720, telephone number (517) 284-8800 or 877-999-6442. Please be aware, although licensed in Michigan, policies issued by the following entities are not covered by MLHIGA: a nonprofit health care corporation, a health maintenance organization, a fraternal benefit society, a nonprofit dental care corporation (e.g. Delta Dental), a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, an insurance exchange, or an organization limited to the issuance of charitable gift annuities.

Protection can be provided in one of several different ways. For example, MLHIGA may provide coverage directly or a financially sound insurer may take over the troubled company's assets and policies and assume responsibilities for continuing coverage and paying covered claims. MLHIGA may also work with other state guaranty associations to develop an overall plan to provide protection for the failed insurer's policyholders. In any case, delays could be necessary to sort out the affairs of the financially troubled insurer.

Limits on Amount of Coverage

The MLHIGA Act limits the amount MLHIGA is obligated to cover for each insolvent company as follows:

- (1) MLHIGA cannot cover more than what the insurance company would owe under a policy or contract;
- (2) for any one life, regardless of the number of policies or contracts held with the same company, MLHIGA will cover a maximum of:
 - (a) \$300,000 in life insurance death benefits, but not more than \$100,000 in net cash surrender and net cash withdrawal values for life insurance;
 - (b) \$250,000 in the present value of annuity benefits, including net cash surrender and net cash withdrawal values;
 - (c) for health insurance:
 - (i) \$300,000 in disability income insurance benefits or long-term care benefits;
 - (ii) \$500,000 in basic hospital, medical, and surgical insurance benefits;
 - (iii) \$100,000 in all other health insurance benefits.
 - (d) In no event is the association obligated to cover more than an aggregate of \$300,000 in all benefits (other than basic hospital, medical, and surgical benefits) for any one life.

The limits mentioned above are applied per any “one life” per insolvent company.

As an example of this “one life” limitation, if you own three annuities with the same annuitant from the same insurance company, each worth \$100,000 and that company is declared insolvent and ordered liquidated, only \$250,000, **in total**, may be protected because that is the maximum amount protected under the MLHIGA Act for all annuities from a single insurer.

Note to benefit plan trustees or other holders of unallocated annuities (GICs, DACs, etc.) covered by the act: for unallocated annuities that fund **governmental retirement plans only** under sections 401(k), 403(b) or 457 of the Internal Revenue Code, the limit is \$250,000 in present value of annuity benefits per participating individual; for covered unallocated annuities that fund other plans, benefits are not available on an individual basis and a special limit of \$5,000,000 applies to the contract holder, regardless of the number of contracts held with the same company or number of persons covered by the plan. Coverage is dependent on plan sponsor having its principal place of business in Michigan. In all cases, of course, the contract limits also apply.

Exclusions from Coverage

Persons holding policies otherwise covered are **not** protected by MLHIGA if:

- they are eligible for protection under the laws of another state (this may occur when the

- insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state); or
- the insurer was not authorized to do business in Michigan.

The Association also does **not** provide coverage for:

- any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields that exceed an average rate set by formula in the MLHIGA Act;
- dividends;
- obligations not arising from the express written terms of the policy or contract;
- insurer's obligation to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets owned by benefit plan;
- interest determined by external reference that has not been credited to the policy or is subject to forfeiture;
- employers' plans that are self-funded (that is, not fully insured by an insurance company, even if an insurance company administers them);
- unallocated annuity contracts, unless they fund a government lottery or a benefit plan of an employer, association or union, however, unallocated annuities issued to employee benefit plans protected by the federal Pension Benefit Guaranty Corporation are not covered. An unallocated annuity contract is an annuity contract or group annuity certificate which is not issued to and owned by an individual, except to the extent of an annuity benefit guaranteed to an individual by an insurer under the contract or certificate. The term shall also include, but not be limited to, guaranteed investment contracts and deposit administration contracts;
- policies issued by the following entities, even though licensed in Michigan: a nonprofit health care corporation, a health maintenance organization, a fraternal benefit society, a nonprofit dental care corporation (e.g. Delta Dental), a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, an insurance exchange, or an organization limited to the issuance of charitable gift annuities;
- a portion of a policy or contract to the extent that the assessments required by section 7709 of the MLHIGA Act for the policy or contract are preempted by federal or state law;
- a policy or contract providing any hospital, medical, prescription drug, or other health care benefits under Part C or Part D of Title XVIII of the Social Security Act, 42 USC 1395W-21 to 1395W-29 and 42 USC 1395W-101 to 1395W-152, or under regulations issued under Part C or Part D of Title XVIII of the Social Security Act, 42 USC 1395W-21 to 1395W-29 and 42 USC 1395W-101 to 1395W-152.
- MLHIGA **will not** provide duplicate coverage to **any** individual that is also covered by the laws of another state or another state's guaranty association.

INFORMAL GRIEVANCE PROCEDURE

You, your authorized representative, or a provider acting on your behalf may submit an oral complaint to us within 60 days after an event that causes a dispute. Telephoning allows you to discuss your complaint or concerns and gives us the opportunity to immediately resolve the problem.

If we don’t have all the information necessary to review your complaint, we will request any additional information within 5 business days of receiving your complaint. After we receive all the necessary information, we will provide you, your authorized representative, or a provider acting on your behalf with our written decision within 30 days after receiving the complaint and all necessary information.

If the problem cannot be resolved in this manner, you still have the right to submit a written request for the complaint to be reviewed through the Formal Grievance Procedure, as outlined below.

FORMAL GRIEVANCE PROCEDURE

A formal Grievance may be submitted by you, your authorized representative, or in the event of an Adverse Determination, by a provider acting on your behalf.

If you file a formal Grievance, you will have the opportunity to submit written comments, documents, records and other information you feel are relevant to the Grievance, regardless of whether those materials were considered in the initial Adverse Determination. You also have the right to your Grievance reviewed by a managerial level person or group.

First Level Review

Within 3 working business days after receiving the Grievance, we must acknowledge the Grievance and provide you, your authorized representative or a provider with the name, address, and telephone number of the coordinator handling the Grievance and information on how to submit written material. The person(s) who reviews the Grievance will not be the same person(s) who made the initial Adverse Determination. During the review, all information, documents, and other materials submitted relating to the claim will be considered, regardless of whether they were considered in making the previous claim decision. The Insured will not be allowed to attend, or have a representative attend, a First Level Review. The Insured may, however, submit written material for consideration by the reviewer(s).

When the Grievance is based in whole or in part on a medical judgment, the review will be conducted by, or in consultation with, a medical doctor with appropriate training and expertise to evaluate the matter.

Following our review of your Grievance, we must issue a written decision to you and, if applicable, to your representative or provider, within 20 days after receiving the Grievance. The written decision must include:

- (1) The name(s), title(s) and professional qualifications of any person(s) participating in the First Level Review process.
- (2) A statement of the reviewer's understanding of the Grievance.
- (3) The specific reason(s) for the reviewer's decision in clear terms and the contractual basis or medical rationale used as the basis for the decision in sufficient detail for the Insured to respond further to our position.
- (4) A reference to the evidence or documentation used as the basis for the decision.
- (5) If the claim denial is based on medical necessity, experimental treatment or similar exclusion, instructions for requesting an explanation of the scientific or clinical rationale used to make the determination.
- (6) A statement advising you of your right to request a Second Level Review, if applicable, and a description of the procedure and timeframes for requesting a Second Level Review.

Second Level Review

The Second Level Review process is available if you are not satisfied with the outcome of the First Level Review for an Adverse Determination. Within 10 business days after receiving a request for a Second Level Review, we will advise you of the following:

- (1) The name, address, and telephone number of a person designated to coordinate the Grievance Review for the Company.
- (2) A statement of your rights, including the right to:
 - Attend the Second Level Review.
 - Present his/her case to the review panel.
 - Submit supporting materials before and at the review meeting.
 - Ask questions of any member of the review panel.
 - Be assisted or represented by a person of his/her choice, including a provider, family member, employer representative, or attorney.
 - Request and receive from us free of charge, copies of all relevant documents, records and other information that is not confidential or privileged that were considered in making the Adverse Determination.

We must convene a review panel and hold a review meeting within 45 days after receiving a request for a Second Level Review. We will notify you in writing of the meeting date at least 15 days prior to the date. The review meeting will be held during regular business hours at a location reasonably accessible to you. In cases where a face-to-face meeting is not practical for geographical reasons, we will offer you the opportunity to communicate with the review panel at our expense by conference call or other appropriate technology. Your right to a full review may not be conditioned on whether or not you appear at the meeting.

If you choose to be represented by an attorney, we may also be represented by an attorney. If we choose to have an attorney present to represent our interests, we will notify you at least 15 working days in advance of the review that an attorney will be present and that you may wish to obtain legal representation of your own.

The panel must be comprised of persons who:

- (1) Were not previously involved in any matter giving rise to the Second Level Review;
- (2) Are not employees of the Company or Utilization Review Organization; and
- (3) Do not have a financial interest in the outcome of the review.

A person previously involved in the Grievance may appear before the panel to present information or answer questions.

All persons reviewing a Second Level Grievance involving a Utilization Review non-certification or a clinical issue will be providers who have appropriate expertise, including at least one clinical peer. If we use a clinical peer on an appeal of a Utilization Review non-certification or on a First Level Review, we may use one of our employees on the Second Level Review panel if the panel is comprised of 3 or more persons.

We must issue a written decision to you and, if applicable, to your representative or provider, within 45 calendar days after completing the review meeting unless we request an extension to obtain additional information to make a determination with respect to the subject of the grievance. The extension may not exceed 45 days from the end of the initial period unless the initial period is extended due to your failure to submit information necessary to decide the claim on appeal. If the extension is due to your failure to submit information, the period for making the determination shall be tolled until the date the insured responds to the request for additional information. The decision must include:

- (1) The name(s), title(s) and qualifying credentials of the members of the review panel.
- (2) A statement of the review panel's understanding of the nature of the Grievance and all pertinent facts.
- (3) The review panel's recommendation to the Company and the rationale behind the recommendation.
- (4) A description of, or reference to, the evidence or documentation considered by the review panel in making the recommendation.
- (5) In the review of a Utilization Review non-certification or other clinical matter, a written statement of the clinical rationale, including the clinical review criteria, that was used by the review panel to make the determination.
- (6) The rationale for the Company's decision if it differs from the review panel's recommendation.
- (7) A statement that the decision is the Company's final determination in the matter.
- (8) In the event we uphold the results of the prior review, you have the right to present your grievance to the Commissioner for review.

EXPEDITED REVIEW

You are eligible for an expedited review when the time frames for an Informal, formal First Level Review or Second Level Review would reasonably appear to seriously jeopardize your life or health, or your ability to regain maximum function. An expedited review is also available for all Grievances concerning an admission, availability of care, continued stay or health care service for a person who has received emergency services, but who has not been discharged from a facility.

A request for an expedited review may be submitted orally or in writing. An expedited review must be evaluated by an appropriate clinical peer in the same or similar specialty as would typically manage the case being reviewed. If we don't have the information necessary to decide an appeal, we will send you notification of precisely what is required within 24 hours of our receipt of your Grievance. All necessary information, including our decision, will be transmitted by telephone, facsimile, or the most expeditious method available. Provided we have enough information to make a decision, you, your authorized representative, or a provider acting on your behalf will be notified of the determination as expeditiously as the medical condition requires, but in no event more than 72 hours after the review has commenced. Written communication of our decision will be provided within 2 working business days of the decision and will contain the same items described in the written decision requirements for First Level Reviews.

If the expedited review does not resolve the situation, you, your representative or a provider acting on your behalf may submit a written Grievance.

We will not provide an expedited review for retrospective reviews of Adverse Determinations.

RETENTION OF GRIEVANCES

Copies of all grievances and responses will be available at our principal office for inspection by the Commissioner for 2 years following the year the grievance was filed.
